PROJECT EXPERIENCE

Custom E-Commerce Store Modifications | Salla & Zid Platforms

- Engineered custom UI components and layout tweaks using HTML, CSS, and JS, ensuring 100% responsiveness across all mobile, tablet, and desktop screens.
- Integrated custom features and dynamic sections tailored to specific client needs while maintaining seamless layout adaptabilities.

Corporate & Multi-purpose Websites | WordPress

- Built and customized fully responsive WordPress sites using custom styling, Elementor tweaks, and optimized assets.
- Improved page load speed and overall site performance by cleaning unused scripts and optimizing media assets.

Interactive Frontend Web Components | React.js & JavaScript

- Developed interactive and dynamic user interfaces featuring real-time filtering, responsive layout tabs, and state management.
- Ensured cross-browser compatibility and clean architecture for scalable web application modules.

EDUCATION

Bachelor's Degree in Physical Education — Mansoura University | 2024
